Experience

Salem State University | Salem, MA

Student Network Technician | 09/2025

- Configured and activated ports by patching cables, managing switch settings via SSH, and assigning VLANs to ensure proper network segmentation.
- Administered DHCP server entries to provide fixed IP addresses via phpIPAM for devices such as printers and other networked equipment.
- Managed UPS battery replacements, including safe removal, installation, and disposal following environmental protocols.
- Used Jira to log, track, and prioritize network support tickets, ensuring timely resolution of technical problems.
- Collaborated regularly with faculty, staff, and other users to address network-related concerns and provide clear, effective communication during issue resolution.

Salem State University | Salem, MA

Student Media Services Technician | 09/2024 - 05/2025

- Performed routine "tech checks" and troubleshooting for presentation equipment in classrooms and lecture halls, ensuring functionality
- Documented equipment conditions, repairs, and damages to maintain accurate service records
- Assisted in inventory management by tagging and tracking presentation and computer systems
- Served as the sole on-call technician during evening shifts, providing prompt support to faculty experiencing technical issues with media equipment.

Shaw's Supermarkets | Gloucester, MA

Customer Service Representative

- Promoted from cashier to lead front-end representative, effectively managing checkout lanes, customer service desk, and daily front-end operations.
- Handled customer service issues such as complaints, refunds, and returns, maintaining high standards of customer satisfaction.
- Authorized Western Union agent managing high-value money transfers, money orders, and check cashing with strict adherence to Western Union and store procedures.
- Conducted nightly bookkeeping, cash reconciliations, and lottery inventory management using proprietary software to ensure financial accuracy.
- Managed safe and cash operations, securing and counting daily cash holdings totaling up to \$25,000.
- Supported store operations by unloading deliveries, stocking and organizing merchandise, maintaining cleanliness, and performing temperature checks for compliance.
- Acted as primary point of contact for front-end issues, demonstrating leadership and flexibility by taking on responsibilities beyond the formal job description.
